

COVID-19 Worship Guidelines

Updated 3/17/22

We are grateful and excited to begin to bring back many of our beloved programs and worship elements at Christ Church. Please see below for our worship guidelines starting Sunday, Mar. 20:

- At this time, masks are optional in the church building.
- The south transept and balcony will be reserved as a mask-required area throughout the service.
- We will continue to offer communion in one kind (bread only) for the time being. We hope to bring back the wine and chalice on Maundy Thursday.
- Nursery care is available on Sunday mornings. All of our nursery staff members are fully vaccinated.

We look forward to worshipping with you!
